Plans And Pricing

Tetrahedron may offer subscription plans described at checkout or in account settings. Plan names, features, prices, billing intervals, taxes, and limits may change.

Renewals

Subscriptions renew automatically unless cancelled before the renewal date. The user authorizes the payment processor to charge the payment method on file for recurring fees, taxes, and applicable charges.

Cancellation

Users may cancel through account settings or by contacting **[Billing Email]**. Cancellation stops future renewals but does not automatically reverse prior charges unless the refund policy applies.

Refunds

Draft policy option for counsel/business review:

- monthly subscriptions are generally non-refundable after the billing period begins
- annual subscriptions may be eligible for a prorated refund within **[number]** days
- duplicate charges, billing errors, or failed service access may be reviewed case by case

- beta/founding plans may have separate terms displayed at purchase

Failed Payments

If payment fails, access may be limited, suspended, or cancelled. Users remain responsible for unpaid amounts.

Taxes

Prices may exclude taxes unless stated otherwise. Users are responsible for applicable taxes, except taxes based on our income.

Payment Processor
